Welcome

Welcome to Rise – our people and what we offer.

People do not dream of receiving services but of living a good life; overcoming challenges and reaching their chosen goals.

At Rise, we put the person first, rather than services and funding, focusing on their strengths, needs and dreams.

We support people from early childhood through to older age, Perth metropolitan wide but with our grass roots in the north eastern corridor, from Northam to Joondalup to inner Perth.

I hope there is something we can offer you that will help you achieve your dreams.

Your Hopes
We know that each of us is unique and that every person has individual needs, goals and ideas of what it means to live a good life.

When you consider what kind of support you might like from us, it is very important for you to know that this is your life and these are your choices.

What helps us provide good individual support is understanding a little more about YOU:

YOUR WAY
Your personality, culture, history, values and strengths

WHO is important to you; family, friends, carer, neighbour
WHAT is important to you; goals, needs and hopes
HOW you think we might be able to help

When we know more about you, we can tailor a plan which links you with the right people.

- Help them find the type of house that suits them in a place that suits them
- Be a good tenant by paying their rent on time, looking after their house and being a good neighbour
